DETAILED ACTION

1. Reviewing of the O.A. mailed on January 17, 2006 (page 7), the examiner notices inadvertent error of making reference to WO 00/66581 patent as "Zhang et al" and "5-(4,4 dimethyl-2-thioxo-1,4-dihydro-2H-3,1-benzoxazin-6-yl)-1-methyl-1H-pyrrole-2-carbonitrile" as "Example 62". "WO 00/66581" should be corrected as "WO 00/66570"; and "Example 62" should be referred to "Example 20" of Zhang et al. (WO 00/66570).

Claims for Different Invention Added After an Office Action

2. Reviewing the prosecution history, applicant made, without traverse, the election of the Group II(a) invention, claims 1-12, drawn to method of treating acne and/or hirsutism by the administration of compound of the formula I (Response filed 10/26/2005).

It is noted that applicant has received an action on the merits for the originally elected invention which is directed to a method of treating acne and/or hirsutism by the administration of compound of the formula I. However, the amendment filed 05/31/2006 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03).

As discussed above, newly submitted claims 28-31 and amendment to the claims 2-3, drawn to a method of treating acne and/or hirsutism by the administration of compound of the formula II, are directed to the invention that is different from the originally elected invention.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in
